

## Certificate of compliance for RoHS<sup>1</sup>: Cast acrylic clear tubes

We hereby certify that our cast acrylic clear tubes are in compliance with the applicable provisions of RoHS (Restrictions of Hazardous Substances) and also according to the supplier's specifications don't contain following dangerous substances<sup>2</sup>:

Cadmium  
Lead  
Mercury  
Chromium  
Polybrominated Bithenyl  
Polybrominated Diphenyl Ether

We also certify that complying with the appropriate regulations, in our manufacturing process we do not use any of the chemical substances mentioned above.

Sied Kooistra

<sup>1</sup>This self-certification is written in conformity with the ISO norms

<sup>2</sup>Caution: this certification is just valid for solid semi-finished standard acrylic products. Any alteration of them - processing, glueing, etc. - may invalidate it.
